ABOUT ME

Hello I,m Asal

Talented and innovative web designer with three years of experience creating virtually stunning and user friendly websites. Proven track record in increasing website traffic, conversion rates, and online sales through responsive design, SEO optimization, and effective collaboration with cross-functional teams. Skilled in websites security, user flow and navigation structure with a passion for delivering exceptional user experience.

Production

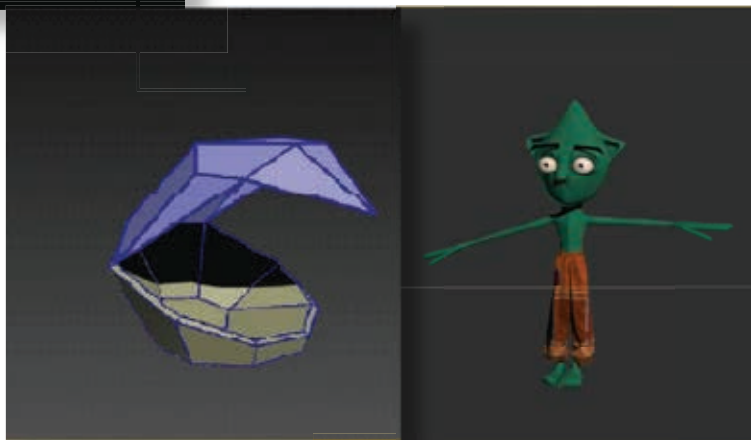

Pill Bottle

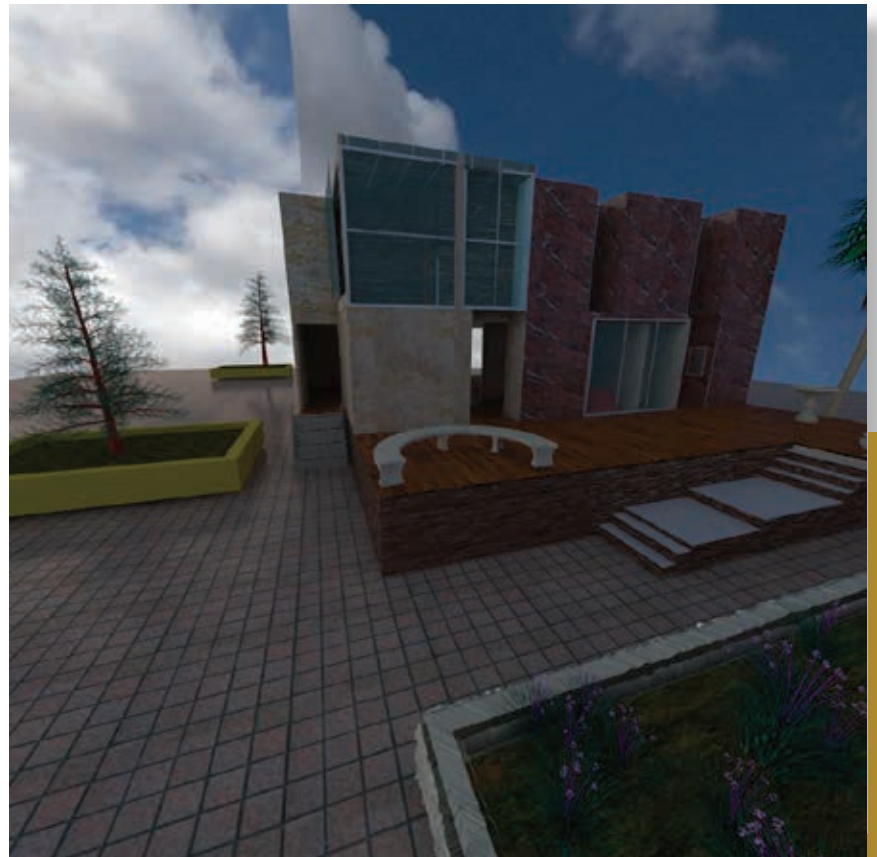

I had to take the measurements from actual bottle, make a three dimension model using Autodesk, to give client a more realistic idea of how it will look like.
